MEMORANDUM FOR: Assistant Chief, DPD-DD/P

SUBJECT: Photo Interpretation Equipment for the []

25X1

REFERENCE: Your memo, dated 8 April 1961, same subject (IDEA-0245)

1. We have reviewed your request for photo interpretation equipment to be provided the [] as set forth in the referenced memorandum. These items are being held in storage and can be made available immediately for movement to the Project Depot. Before movement to the field, it will be necessary for this equipment to be sterilized so that it may not be traceable to CIA procurement channels.

25X1

2. In a telephone conversation between [] DPD-DD/P, and [] of this Center, it was pointed out that in addition to the equipment listed in the referenced memorandum, we have in storage three Bausch & Lomb Two-Power Stereoscopes which we are prepared to make available to your operation. [] indicated that these instruments are urgently needed and should be added to the list. These stereoscopes are identified as Viewer Still Picture Film Strip Stereoscopes S/E Bausch & Lomb, stock number 5/6763-H99-0976, valued at [] each.
